XTREME HD SYNBLEND HI-TEMP GREASE #2

Xtreme HD SynBlend Hi-Temp Grease #2 is engineered for extended use in agricultural, automotive, construction, and industrial applications. Xtreme's formulation provides a thorough lubricating film for moving parts that resists water and rust while protecting from overload damage. Xtreme resists thinning in bearings extending service life while protecting against rust and corrosion. This synthetic blend grease meets or exceeds most GC-LB requirements for use in heavy-duty equipment in on- and off-road applications.

Featured Benefits

- ***Excellent water washout/resistance***
- ***Heavy load carrying capability***
- ***Formulated for plain & anti-friction bearing applications under high-stress/high-load conditions***
